MEMORANDUM FOR: Plans & Programs Staff, OL

FROM: [REDACTED]
Chief, Supply Division, OL

SUBJECT: Communications Requirements for FY 1979 - 1983

REFERENCE: Mult adse memo fm D/L, same subj (OL 7 0488)

1. A survey of all Supply Division branches, [REDACTED] yields no new communications requirements for fiscal years (FY) 1979 - 1983. Projected needs remain constant.

2. However, the following proposed communications requirements for FY 1977 - 1978 are not firm at this time and could possibly overlap into the referent time frame:

a. [REDACTED] - Installation of a secure voice service between [REDACTED] and Headquarters. STATINTL

b. [REDACTED] - Installation of a System 20 minicomputer and central processor to supplement the Inventory Control System.

c. [REDACTED] - Installation of a Delta-data terminal, reader-printer and telecopier for the Classification, Repair, and Disposal Section.

* d. Interdepartmental Support Branch - Replacement of aged flexowriters with a minicomputer Autodin line.

3. Should additional information be required, we will be glad to provide whatever is needed.

* Need Secure Data Link
